Reclassification.

Discussion

City staff has received concerns about the truck traffic on Storrs Lake Road adjacent to the Milton House. Currently this is posted with No Truck signs. Trucks that are less than 30 feet in length and/or less than 12,000 lbs. are still allowed to use this area.

A possible solution would be to add a section in the truck route ordinance that restricts this area to a weight limit of 10,000 lbs. This would allow most pickup trucks, extended cab pickup trucks, etc. to still have access to the Storrs Lake DNR area via Storrs Lake Rd, but would reduce the business traffic that occurs on this street.

If the Public Safety Committee agrees, an ordinance can be written up for approval at the March meeting.
