

Office of the Director of Public Works

To: City of Milton Plan Commission
From: Howard Robinson, Director of Public Works
Date: 02/17/2016
Subject: Discussion and Possible Action Regarding a Site Plan Review for 224 Chicago Street.

Discussion

Dennis Shockley, the owner of 224 Chicago Street, has submitted a site plan for review. He wants to adjust the roof plan of his building and eliminate the flat roof. Since this is a commercial building and requires a building permit he needs a site plan review for this work.

Staff Recommendation

My recommendation would be to approve the Site Plan request.
