Subject: Discussion and Possible Action to Approve a New Easement for the Water Main Installation for the South Water Main Project.

Discussion

The City Water Department is installing water main west of Rainbow Drive in Schilberg Park. We had previously established an easement in this area. Due to conflicts with existing utility lines (telephone and fiber optic) the water main needs to be moved to the west. The new easement allows this to occur. If approved by Plan Commission the easement will be presented to the School Board for approval. This water main is being installed to improve water pressure in the west and south areas of the city in the adjacent neighborhoods. Increased water pressure also allows further development to the south of the current city limits.

Staff Recommendation

I am requesting approval of the easement contingent on School Board approval.
